LSE families,

Monday evening we have a very exciting opportunity for parents. Our district is hosting our first ever parent math night with Greg Tang. Greg Tang provides math professional development to our teachers and for the first time ever he is coming to provide two hours of math training for parents. You will be receiving tips and tricks from the math guru himself. I cannot even begin to explain how important or what a rare opportunity this is for our parents. If at all possible, I would encourage our families to attend this event at Lee' Summit North from 6:00-8:00 pm. All staff are receiving multiple days of training from him this year, so you will be hearing the same language and really be able to dive into the strategies your children will be talking about at home!

Educationally,

Ms. Sample

Tips for Parents:

If your child will be absent to school, please call the attendance line at 816-986-3343 to report absence.

Please make sure you arrive on time to school. Tardy bell rings at 8:20am or 9:20am on late start Wednesdays. Parents MUST sign students in when they are late.
