Jokes from: 13 New Year One Liners

My resolution was to read more so I put the subtitles on my tv.

I was going to quit all my bad habits for the new year, but then I remembered that nobody likes a quitter.

New Year's is just a holiday created by calendar companies who don't want you reusing last year's calendar.

HPE HAPPENINGS

BY: LAUREN MCCANN

My name is Lauren McCann and I am in Mr. Ritters 6th grade class. I hope you all had an amazing winter break and a Merry Christmas! 5th grade had their "Elfandia" musical on December 14th. Did you go? I thought it was amazing! And did you attend the 5th and 6th band and orchestra concert on December 11? It sounded great! Did you guys shop at the Holiday Shop by the library? The best seller was the #1 dad hat and the mom mugs. And, we raised about \$800 from the \$8000 we sold. Again, I hope you all had a great winter break and a Merry Christmas.

Habit of the Month

By: Will Chuba

Welcome to 2018, everyone! It's 2017, but one year after! Hope you all had a great December celebration (Christmas, Hanukkah, etc.) and a happy new year! Everyone must be in the groove for fun, fun, and even more fun!

However, when there is fun, there also must be work. The work is remembering the helpful seven habits to help you through life. This month, the habit is Habit Five, Seek First to Understand, Then To Be Understood (say *that* five times fast). It's all about knowing that sometimes, you can listen to other people with more than your ears. For example...

Let's say your three-year-old brother is crying. He is having a *huge* fit, but what he says is unintelligible and you can't understand him. He points furiously towards his bottle that he always uses, but you still don't get what he wants until your parents finally come home from work and tell you, disappointed that you weren't able to figure out something so simple.

Seems obvious now, right? But in the moment, you might only depend on what you hear, and nothing else - we're all guilty of this when we feel stressed. Now, how are

A Must Read Book

By: Will Chuba

By now, you're probably used to this. "Ugh, it's always the same. Will picks two books, says why they're cool, and leaves." Pretty lame, right? I mean, I might get ya some good reads, but you need more.

But with a new year comes new books! I'll be doing my review for books as usual, but I'll also interview Mrs. Overbeck about some new features and/or books for the year! But first and more importantly, lemme show you some books!

Mr. Lemoncello's Library by Chris Grabenstein

This book is *crazy* popular, and it is for a good reason. The story part of it is when a few kids qualify for a competition... created by one of the greatest gamemakers of all time, Luigi Lemoncello! However, this won't be an easy battle. With mind-boggling puzzles, broken alliances, and confusing setups that will have all the protagonists scratching their heads, *Mr. Lemoncello's Library* is a *great* book for those who like interesting plotlines, realistic and relatable characters, and a good chuckle or two.

Goodnight Moon by Margaret Wise Brown

This one is also what'd you'd call a "mainstream" book, but is a great read for the little kids. Calming, it'll always help you when you're feeling eccentric and energized. This book, a simple story, has a deep and happy yet friendly feel when you're reading it. If you ever want to read picture book greatness, I advise you to check out *Goodnight Moon*.

And now that *that's* done with, check out this radical and wicked *cringe* interview with Mrs. Overbeck, our librarian! (Note: I am in **bold** and Mrs. Overbeck is underlined.

Me: Well, hello, Mrs. Overbeck.

Mrs. Overbeck: Hello, Will. How are you doing?

Me: I'm doing well, thank you. I assume new things will be/already have been added to the library?

Mrs. Overbeck: Makerspaces will resume after Winter Break. New things for each grade level (not totally new, but still). When is this newspaper coming out?

Me: This is the newspaper for January.

Mrs. Overbeck: Oh! Then we start coding in two weeks.

Me: So, why does the school board feel the need to add Makerspace and coding into our curriculum?

Mrs. Overbeck: For one, it gives people an opportunity to try something new, secondly, it allows kids to find strengths they didn't know they had, and it also improves critical-thinking and problem-solving skills.

Me: Splendid. Has anything else been added to our school library?

Mrs. Overbeck: We have new fiction chapter books, new ebooks - wait, not new ebooks - and new fiction picture books.

Me: I noticed that you stumbled upon ebooks and omitted nonfiction. Why is that?

Mrs. Overbeck: Well, for nonfiction, I simply forgot to include it, but for ebooks, I still have to place an order for them. I'd like to see what teachers need (preferably in science and social studies), but I'm planning for them to arrive in the spring.

Me: So, what are your two favorite books?

Mrs. Overbeck: I'd have to say... *Because of Mr. Terupt* and *Junkyard Wonders* by Patricia Polacco. Love those books.

Me: Well, thank you very much, Mrs. Overbeck! Thank you for helping our library!

SPECIAL AREA STAFF SPOTLIGHT

By: Kate Hagan

This month the Staff Spotlight is featuring Mrs. Overbeck. She said that she wanted to be a librarian when she was teaching 5th grade. Mrs. Overbeck just felt like she belonged in the library. "I just loved sharing books with kids," Mrs. Overbeck commented.

The reason that Mrs. Overbeck wanted to be a school librarian rather than work at a public library was because she enjoyed spending time with kids, and that she loved teaching.

The person who inspired her was the former librarian: Mrs. Scott. Mrs. Scott just loved being around kids, and helping them find books that made them happy.

One fun fact about her is that on Mrs. Overbeck's first day of kindergarten, she told her mother that she didn't want to go to school anymore because she had not learned to read that day.

Her mom helped her love reading. If her mother hadn't done what she did, then we wouldn't have such a great librarian!

Mrs. Overbeck always wanted to be a teacher, she said that she always played school when she was a young child.

I hope that you enjoyed getting to know about our beloved librarian, Mrs. Overbeck!

you going to stop this dreadful predicament? By using the habit Seek First to Understand, Then To Be Understood!

This habit will help you with lots of things in life, and not only baby brothers. In school, when you're older, and even when you get a job! So, this January, please do not only look with your eyes, but also with your brain. Some things seem so strange, but you must remember to use your brain and schema to make sure that everyone benefits from the dilemma.

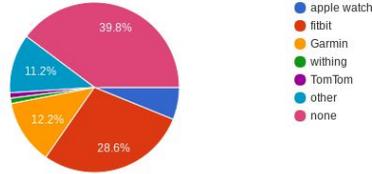

Now, go enjoy the rest of your time in 2018!
