May Edition

HPE Events

by: Bryce Williams and Isabelle Larsen

Hello HPE Huskies and welcome back to our final column of HPE Events! Lets just appreciate all of the great things that we have learned throughout the school year! A great week to appreciate that is National Teacher Appreciation Week May 1st-5th. That's not all! We also have National Physical Education Sports Day on May 3rd! Make sure to stay active to keep your bodies healthy and happy. In other news on May 8th kindergarteners will be going to Kaleidoscope for their 2017 field trip! Have fun kindergarteners. No worries 5th graders we didn't forget about you! Have a spectacular time at the Blue Springs School of Economics. I know you'll love it! May 10th is National Nurses Appreciation Day! Make sure to thank all of the helpful nurses at HPE. May 12th is Service Day. Go

out and serve someone! Now this is one of the most exciting days of the year...6th grade recognition I know as a 6th grader that everyone is very excited about being recognized this year. Okay I may have lied that is not the most exciting day because May 22nd is the last day of school! I hope you have all enjoyed this school year at Highland Park Elementary and I wish you an amazing summer! I hope you enjoyed the last edition of HPE Events! Goodbye until next year HPE Huskies.

Happy Retirement

We wish Mrs. Kennedy and Mrs. Brehm the happiest of days!

The Paw Partner Team

By: Jenna Sobey

This month let's visit the paw partner team. Brookelyn G. from the paw partner team was interviewed. Brookelyn is one of the many paw partner leaders. The staff of the team is Ms. Pugh, Ms. Strickland, and Ms. Kasper. Brookelyn says the team encourages students to follow the LIM rules and thinks of activities for the paw partners to do. "I wanted to be on this

Advice Column

Husky Help!

Dear HPE Newspaper Leaders,
I get really angry at my little sister sometimes! She's 6, very smart, and knows how to push my buttons! When my parents reward her, she turns into a HUGE "Goody Two-Shoes" and starts telling on me for nothing, and if you put this on our column then people might think this is childish, but she gets me SO annoyed. Sometimes I tell my parents "She's only 6 but she acts like she's 20!" And if I say something to push HER buttons, then I get in trouble! I can't take it! What should I do?

Sincerely, Sister's Shenanigans.

Dear Sister's Shenanigans,
Wow. We feel bad for you. It doesn't look like your sister is showing any love to you. But have you tried using Habit #4; Think Win-Win? You've seemed to try everything... but talk to your sister. Your sister is probably doing this intentionally, so just confront her! If you just sit back and let it happen, nothing is going to change. Why don't you turn an adversary... into a friend?

Sincerely,
HPE Newspaper Leaders.

APRIL JOKES

BY Daniel Beck

Why don't some couples go to the gym? Cause some relationships don't work out

Did you hear of that guy who had his left side cut off? He's all right now.

I wasn't originally going to get a brain transplant, but then I changed my mind. I'd tell you a chemistry joke but I know I won't get a reaction,

2nd grade spotlight

By: Marin LaCour and Josi Olas

Hello, and welcome back to Grade Level Spotlight. Today we will be talking about our very own 1st grade! We asked our lovable Mrs.Kasper about 1st grade. First, we asked her:

“What field trips do you go on for 1st grade?”

[We went to Kaleidoscope, we will be going to the Red Barn Farm. We will have a special guest visitor from The National Weather Service, Mr. Bowman.](#)

On to the next question, “How many 1st graders do you have in 1st grade?”

[We have 82 first graders.](#)

Final question, “Do the 1st graders ever get to eat in their classrooms?”

[Yes, Sometimes on early release days and if we have a special celebration.](#)

That’s all for now folks.

Huskies Find Their voice!

Do you want to know what finding your voice means? Finding your voice is you speaking up and finding your true voice in your soul. Don’t hide it, Find it! I know you can find your voice everyone has one to share!

team because I am a good leader and a good speaker.” said Brookelyn. Some of the fun things that the paw partner team does is they share ideas, look up appropriate videos and then vote on them. “Sometimes looking up the videos and thinking of activities can be challenging” says Brookelyn. Well that was a short summary of the paw partner team! Maybe consider joining that team!

School Store

By: Darius Long and Collin Erps

The School Store is a place in the school that has supplies. The most popular items are the stress ball and mechanical pencils. There are 10 students and 2 teachers in charge of the store. The teachers are Mrs. Wood and Mrs. Selby.

The School Store doesn’t have many problems but one of them is they want to sell snacks but they can’t. The School Store team enjoyed seeing how fast items sell and they try to decide what other things to sell. At the end of the year the team will decide what to do with their profits. They told us they will probably help someone in our community and use the rest to buy supplies for next year.

Opinion Column

By:John Southard

Should elementary kids be allowed to have an TV In there room?

In my opinion,YES but the New York Times says kid that have a TV in there room have lower scores on test. They also are more likely to have sleep problems. Also kids who have TVs in their room are more likely to be overweight. But almost half of the kids in America have TVs in their room according to the New York Times.
