Cougar Newsletter

February 14—February 22

Oh my goodness LSE Families, We are so so glad to be back in session! So many snow days since we came back from Winter Break have sure made it difficult for everyone to get into our normal routine of school. We sure hope everyone has stayed warm and has no casualties with all this winter weather. With all the missed school days, it is extremely important your child is at school on time every day possible. If you have questions about how your child is performing in the classroom, please do not hesitate to set up an appointment to sit down and talk to your child's teacher. There are all kinds of activities your children can be doing on days off, including reading books, practicing their math facts, working on assignments or activities their teachers send through Schoology or even sitting down to play an old fashioned board game! Keeping their minds engaged is extremely important! If you ever have questions, please call or email us here at school!

Educationally,

Ms. Sample

Tips for Parents:

Practicing math facts nightly will improve your students skills. If your child is in 3rd grade or higher, make sure to practice their multiplication facts everyday.
