

March 2018

Dear Meadow Lane Families,

We are having a Career Fair for grades K-6 Thursday May 17th from 8:45-10:45. We need friends, family, and other community members to visit with us about their various careers. We'd love to have a variety of careers represented. Tools of the trade and/or other visual representations to display for our students (vehicles, daily use items, samples, some animals, special equipment, etc) are welcomed and encouraged! We can accommodate many different items (Small or large space, indoor/outdoor, technology, some animals/reptiles, etc). Classes rotate to presenter's locations every 20 minutes, so the presenter stays in one place the whole time.

If you or someone you know would like to present a career please return the bottom portion of this letter to your child's teacher by as soon as possible (April 18 deadline). Information may also be emailed or called in via the contacts listed below, or you may submit online via <https://goo.gl/forms/PyGhP2YISFSavpPI3>

Volunteers will be contacted as soon as possible to confirm his or her spot.

Thanks for your help!

Lisa Hayden
